**THIS IS NOT INSURANCE.**  
**Payment must be made at the time of service.**

Dear OOIDA Member

We are delighted to welcome you to our premier pharmacy benefits program! You can enjoy saving on your prescription drug needs immediately by using your new pharmacy card at participating local pharmacies and through the mail order service.

Please keep in mind that your membership is NOT insurance, so it is simple and easy to use. There are no health restrictions or paperwork. You can use the card immediately and as many times as needed. When you present your card to a participating provider, you will receive a discount at the time of purchase.

## NEIGHBORHOOD PHARMACY 800-800-7616

Obtain the lowest price on short-term acute care prescription drugs. Use your card at chain and independent pharmacies nationwide. Save on your out-of-pocket expenses. Discounts range from 10% to 60% on most medications. Receive the lowest price in the store, on that day, regardless of promotions and discounts.

### How To Use

1. Find a pharmacy near you by calling Member Services at 800-800-7616, Monday through Friday, 7 a.m. to 7 p.m. and Saturday, 8 a.m. to 5 p.m., or checking our website at [www.rxpricequotes.com](http://www.rxpricequotes.com). Present your membership card along with your prescriptions to the pharmacist. The pharmacy computer system will compare our contracted discount price with the pharmacy's retail price when the prescription is processed. You pay the lower of the two prices directly to the pharmacy at the point of sale.
2. Please do not call the pharmacy for price quotes. Prices may change from day to day and they cannot be given over the telephone. Visit [www.rxpricequotes.com](http://www.rxpricequotes.com) to look up drug prices by location.
3. If your pharmacy happens to be selling any maintenance medications prescribed to treat on-going ailments, such as high blood pressure and arthritis, for less than the contracted price, you will receive the pharmacy's best price.
4. If you experience any difficulties in using the pharmacy program, please call or ask the pharmacist to call our Member Services department at the number located on the back of your membership card.

## MAIL ORDER PHARMACY 877-839-8121

Maximize your savings on maintenance medications by ordering 30-90 days at a time.

Save an average of 10% below AARP's prices and beat the lowest retail pharmacy price by \$5.00 with no postage or dispensing fees.

Feel comfortable knowing that a 7-point quality assurance test is performed before mailing.

### How To Use

1. Call 877-839-8121, Monday through Friday, 8 a.m. to 6 p.m. For price quotes, initial orders, and re-orders, give the service representative the name, strength, and quantity of the medication(s).
2. Price quotes are valid for one-time use only and expire after 30 days. HealthTrans' Internet and phone-automated refill service will automatically refill your order at the existing price of your medication, so please call and ask for a price quote before each order.  
*Note: Quotes are subject to change without notice.*
3. Mail a Patient Profile Form (completely filled out), a valid doctor's prescription, and a check or credit card information to: Mail Order Prescription Plan, P.O. Box 4057, Greenwood Village, CO 76161-9863. You may download the form from [www.rxpricequotes.com/form2](http://www.rxpricequotes.com/form2).
4. Orders are shipped within 48 hours of receipt of payment via First Class Mail or UPS Ground, based on the contents of the package. Special shipping arrangements can be made for an additional fee. Check with a service representative for more information.
5. Orders are automatically filled using generic medication, unless prescription specifies "brand necessary" or the member requests "brand".
6. Prescriptions faxed by physicians will automatically be filled and charged to your credit card on file should this be your preferred method of payment. When faxing prescriptions, physicians must include your member identification number on all communications.
7. HealthTrans cannot hold prescriptions to be filled at a later point in time, so please send in your prescriptions when you are ready to place your order.
8. Prescriptions cannot be filled or refilled once they have expired. Most prescriptions expire one year from the date written. Prescriptions for controlled medications expire 6 months from the date written. CII prescriptions expire 7 days from the date written. Please call for more information regarding ordering controlled medications.
9. Return Policy: Medications cannot be returned for any reason. Once an order has been shipped, we are unable to reuse or resell the items.
