ADOPT NEW SECTION 1235.7, LEASED VEHICLES

MOTOR CARRIER SAFETY CARRIER IDENTIFICATION (CHP-R-09-15)

The California Highway Patrol (CHP) will conduct a public hearing at the time and place noted below to consider adoption of new regulations relating to carrier identification. In order to provide a consistent identification of interstate motor carriers under both state and federal rules, it is necessary the CHP adopt rules which are consistent with existing federal rules. The CHP also proposes to adopt consistent leasing rules for intrastate Motor Carriers of Property (MCP). Those rules which apply to intrastate motor carriers will need to be modeled on the interstate motor carrier rules, but include the necessary changes to accommodate those differences between the Federal Motor Carrier Safety Administration's motor carrier registration and operating authorities and the Department of Motor Vehicle's MCP permit.
